

Walk upon the water

I will walk upon the water
I will calm the troubled sea
I will still the stormy waters
If you'll roll them all on Me
Although I made the mighty oceans
I also made the butterfly
Tiny brooks and peaceful meadows
I will guide you with My eye

I will walk upon the water
I will ride the storm for you
And if you dare to really trust Me
You'll walk upon the water too
Keep your eyes upon me always
Don't look around with fear and dread
You can rise above the turmoil
Put your trust in Me instead.
